

## Miraglaze™ 8600 A Overprint Base

### IMPORTANT CHARACTERISTICS:

**Miraglaze™ 8600** is an overprint base that contains no wax or driers. The advantages with working with **Miraglaze 8600** overprint base are that the ink maker will control the addition and concentration of the driers, waxes and solvents he may choose to adjust for flow and tack.

By adding the driers at room temperature the resultant overprint will be lighter in color and increase drier efficiency. Also, wax efficiency will increase which will result in lower concentrations of wax to achieve the same rub resistance, resulting in higher gloss.

### APPLICATIONS:

- Overprint base

### BENEFITS:

- Contains no wax or driers
- Higher gloss
